

Bucks County SPCA's Commitment to Rescue Partners

Once the applying organization is accepted as a Rescue Partner, BCSPCA agrees to do the following:

1. Accept the services of the Rescue Partner when appropriate animals are internally identified and communicated by BCSPCA.
2. Respect Rescue Partner's preferences for type of animal, breed, behavior issues, and medical issues.
3. Provide all the information available about an animal (which may include copies of veterinary records, behavior assessments, and daily animal care notes) to enable the Rescue Partner to make an informed decision about the animal.
4. Provide instructions on BCSPCA procedures that impact the Rescue Partner.
5. Provide support to the Rescue Partner in our routine interactions on the job, including responding to calls and emails in a timely manner.
6. Respect the skills and expertise of the Rescue Partner and as well as their resource limitations.
7. Provide feedback on program interactions, and provide an opportunity for the Rescue Partner to provide feedback so that both agencies might mutually better accomplish our respective tasks.
8. Be available to the Rescue Partner and willing to discuss issues of concern to the Rescue Partner, either in an impromptu discussion or by arranging a specific meeting time.
