JOB ANNOUNCEMENT

Job Title: **Staff Veterinarian, Full Time**
Department: Shelter Medicine
Reports to: Director of Shelter Medicine
Status: Exempt, Full Time

SUMMARY

The shelter medicine program is a key component in our efforts to achieve BCSPCA's objectives focused on caring for animals and improving placement rates. The Staff Veterinarian is a key member of the Shelter Medicine department, bringing his/her knowledge of shelter animal care and surgical expertise to the team. The Staff Veterinarian will be responsible for performing surgical procedures (primarily spay/neuter of cats, dogs and rabbits) and physical examinations on healthy and sick shelter animals. This position requires knowledge of and an interest in Shelter Medicine.

The Staff Veterinarian position is an exempt, full time, 40 hours per week position, which includes one day on the weekend. This position is split between our Lahaska and Quakertown shelters.

ESSENTIAL DUTIES AND RESPONSIBILITIES

Performs all job duties in an efficient, positive, helpful manner with good internal customer service to staff and volunteers. Participates in and promotes BCSPCA safety programs. Willingly assists public in all aspects of BCSPCA programs. Shares information to enhance the public's knowledge of animal welfare, as well as their knowledge of the BCSPCA's mission and policies in a helpful, positive, and timely fashion.

- Maintain a focus on achieving the BCSPCA mission and places the good of the organization before the good of any single individual, animal, or department.
- Ensure the humane medical care and treatment of animals always
- Handle animals both fractious and calm safely, models and teaches such handling
- Conduct self always in a professional manner
- Carries out components of shelter medicine program at both BCSPCA locations including future offsite adoption locations
- Competently examine, diagnose, prescribe and treat animals in shelter
- Administer vaccines and perform other routine services, including client education, connected with preventative health maintenance
- Perform emergency triage and stabilization of ill and injured animals
- Perform adult and pediatric sterilizations and other routine soft tissue surgeries
- Examine shelter animals and recommend treatment and assesses prognosis
- Interpret diagnostic tests
- Administer medication both oral and injections, including IV, IM, SQ
- Administer controlled substances and keep an accurate log
- Maintain accurate and complete medical records
- Maintain a positive work ethic and rapport with staff and clients, including facilitating conflict resolution as needed in a professional manner
- Participate in humane investigations (examines, documents, and treats cruelty cases)
